Dalhousie University

A Canadian research powerhouse

• Founded: 1818
• Halifax: Nova Scotia’s coastal capital
• Population: 400,000
• Multicultural city, youthful spirit
• Safe, friendly, steps from the Atlantic Ocean

Our Academic Face
Our Academic Face

- 18,200 students
- More than 2,400 international students from 110 countries and counting
- 1,080 faculty (90% with PhD or doctorate)
- One of Canada’s best student faculty ratios (14:1 on Halifax campus and 12:1 on Truro campus)
- 12 faculties

Our Academic Face

- 4,000 courses, 180+ undergraduate degree options
- 90 master’s degrees, 40 doctoral programs
- Academic innovation
- Ranked 4th nationally for students winning academic awards
- 87 Rhodes Scholars
- 110,000 alumni worldwide

Academic Faculties

- Agriculture
- Architecture & Planning
- Arts & Social Sciences
- Computer Science
- Engineering
- Dentistry
- Graduate Studies
- Health Professions
- Law
- Management
- Medicine
- Science

* Visiting/Special includes non-degree students, those standing/Dalhousie under letter of permission or through an exchange program, or in completing their studies.

Our Research Face
Our Research Face
- U15 member: Canada’s top research universities
- Atlantic Canada’s largest research engine: more than $140 million annually
- CALDO: Canadian consortium dedicated to international graduate students and research collaborations
- Repeatedly ranked one of the best places for researchers to work (The Scientist)
- More than 1,000 researchers

Research Strengths
- Ocean studies
- Advanced materials & clean technology
- Health & wellness
- Governance, society & culture
- Information science & communication
- Agriculture & food technologies
- Energy & the environment

Health & Wellness
Life Sciences Research Institute
- Biological structures and mechanisms
  - Genomics
  - Neuroscience
  - Vaccines
- Patient-oriented research; translation to care
- Health, environment and safety
Advanced Materials & Clean Technology
- Advanced battery materials, fuel cells
- Organic semiconductors
- Environmentally-sustainable materials and manufacturing
- Bio-materials, advanced restoration materials
- Intelligent structures
- Sustainable water management

Information Science & Communication
- Health informatics
- Bioinformatics
- Computational neuroscience
- Ocean data and knowledge management
- Social media and networks
- GIS

The Rankings?
- Top 100: earth, marine sciences: psychology*
- Top 150: biological sciences*
- Top 200: medicine, chemistry, environmental sciences*
- 1st in Canada, impact of research per dollar
  — Science Matrix
- One of world’s best places for research
  — The Scientist, multiple times, since 2003

*QS World University Ranking, 2011
